

Shop BuyVoice® for Mobile Commerce

Let Your Customers Shop Anywhere, Anytime!

Revolutionize Shopping With the Power of Voice

Shop BuyVoice® lets you quickly launch a new, mobile sales channel that powers fully secure shopping anywhere, anytime just by speaking.

Based on the most ubiquitous mobile technology available ... the human voice, Shop BuyVoice is immediately accessible from any mobile or landline phone.

Shoppers see your products in an ad, browse your storefront after hours or respond to an in-store display, then call Shop BuyVoice and purchase your offer simply by saying a product code . . . whenever the mood strikes.

Quickly Launch Your Mobile Channel

Jumpstart your mobile sales campaign with our Voice Store™ transaction and electronic payment processing solution. Quickly launch your mobile retail presence through our user-friendly, online portal with Voice Store options such as: Choose a Voice Talent, Record Product Descriptions, Register Customers and many more. We can also help you design a custom-branded, Voice Store solution that complements your existing retail channel.

Customers Shop Anywhere, Anytime!

Shop BuyVoice offers your customers the convenience and security of a BuyVoice mobile wallet, so they never have to enter their card details over the phone. Our state-of-the-art, voice biometrics technology leverages the customer's unique voiceprint to secure their card and shipping information.

Customers simply say their voice password and immediately enjoy expedited shopping and delivery, anytime, anywhere.

A Complete Mobile Commerce Solution

Shop BuyVoice is a fully managed, hosted mobile solution including:

- Toll-free access from ANY mobile or landline phone
- User-friendly, online portal lets you easily design and manage your mobile channel:
 - Quickly customize Voice Store greetings and prompts
 - Enter or upload in real-time featured products and descriptions
 - Manage inventory, pricing and order fulfillment online
 - Select optional, custom voice-talent recordings
- Friendly natural-voice application engages shoppers in a “live” shopping spree
- Expedited shopping with members’ mobile wallets, secured by state-of-the-art voice print biometrics
- Integrated credit/debit payment processing with online merchant reporting
- Data analytics help you customize marketing promotions
- Easy integration with your existing retail channels/web processes
- Multi-lingual and Multi-Currency capabilities so that all customers can shop, hear product information and pay in the language and currency they know best – their own

With Shop BuyVoice, Planet Payment maintains the shopping and payment platform, so you can focus on selling more and earning more!
