

M-WEB

Realtime Merchant Reporting

Timely access to vital sales information provides a distinct edge in formulating and adjusting the right business strategies for your business. And, your card transaction information is an even more powerful indicator of your business performance. M-WEB is an online portal that provides instant access to a full suite of reporting tools – and it's simple, fast and easy! View, search, print and export data – anytime – for all transactions.

With M-WEB you can easily assess the latest performance and forecast future trends – bringing crucial business information to your desktop.

M-WEB Features:

- **Access Anywhere and Anytime:** Real-time, 24/7, secure online access to detailed reporting for transaction activity (foreign and domestic), payment, settlement and chargeback information
- **Foreign Transaction Data:** Cardholder amount in their currency and foreign exchange rate applied
- **Foreign Exchange Rates:** Daily listing of exchange rates of accepted foreign currencies
- **Comprehensive Record Retrieval:** Retrieval of current and historical data for any date range you choose, with up to 24 months of history
- **Flexible Reporting:** Export data to spreadsheets, databases, and most accounting and reconciliation software
- **Search Transactions:** Search function reduces research time
- **Easy-to-Use:** Web interface requires no employee training
